“

We couldn't be happier having our wedding at Montfair. We were looking for an outdoor venue in the mountains, a reasonable distance from an airport and hotels, and with a tented reception area where we didn't have to rent our own tent. Montfair was everything we could have hoped for and more! Victoria was on top of things from the start. From the intro call, to answering many emails and questions about vendors, to the walkthrough, to making sure we were set for the day of, Victoria was wonderful.

Everyone in the Montfair office is also incredible - I called the office many times with little questions and they were always helpful and kind. We can't imagine a more beautiful location for the ceremony with the mountains in the background and the reception near the lake - you can tell it's close to Shenandoah National Park! It was also wonderful to get to sleep in the cabins at Montfair the night of our wedding - it was so peaceful to wake up near the lake with the birds chirping the next day. Deciding on a wedding venue is one of the biggest wedding planning decisions and we can't recommend Montfair enough!
